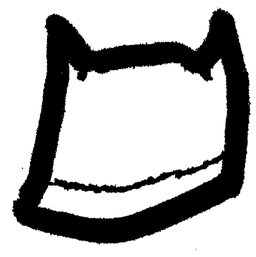
# Pussyhat Project

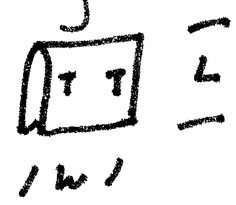


# Sewing Pattern

Supplies: Buy at least 13" (a healthy foot) of fleece, matching thread
Tools that are helpful: rotary cutter, quilting ruler, healing mat.

1. Cut fleece $11.5"_{W} \times 17"_{L}$ $\quad W = \left[\frac{\text{Your head}}{2}\right] + .5"$

2. Pin fleece right sides together, after folding in half.
Sew each side with 1/4" allowance.



3. Turn edge for 3/4" hem and pin. Sew with 1/2" allowance
Using a wide zig zag or overlock stitch.
Use test fabric first. Adjust to taste.

4. Turn hat right side out. With needle and thread sew ears. First, pinch folds toward center. Secure with several re-enforced stitches about 2" below corner.

5. Wear or share, but don't sell.
